### Darstellung der lokalen Rohstoffvorkommen im Vorhabensgebiet

The screenshot displays the NIBIS Kartenserver interface. On the left, a sidebar contains navigation icons and a menu with the following items: 'Fachanwendungen', 'Grundkarten' (highlighted in red), 'Themenkarten', and 'Meine Kartenauswahl'. Below the menu, there are filters for 'alle', 'Grundkarte', and 'Topografie Deutschland, Basis BKG, Graustufen Transparent'. A legend section shows 'Rohstoffe' and 'Rohstoffsicherungskarte 1:25 000'. The main map area shows a topographic map of the Harz region with several areas highlighted in red and green patterns, indicating raw material deposits. The map includes a scale of 1:32,000 and a copyright notice for GeoBasis-DE / BKG (2024) CC BY 4.0. The footer contains links for 'Feedback', 'Datenschutzerklärung', 'Nutzungsbedingungen', and 'Impressum', along with the logo of LBEG (Landesamt für Bergbau, Energie und Geologie).
